

Gunma University Heavy Ion Medical Research Center
Site Visit / Training / Fellowship Report
群馬大学重粒子線医学研究センター 研修報告書

Name of the visitor(s)	Angela Gaerlan, M. D.
Institution of the visitor	St. Luke's Medical Center, Bonifacio Global City Philippines
Training period	2014/03/31 to 2014/04/25
GHMC staff responsible	Tatsuya Ohno (Professor)
Date of the report	2014/05/03

I am a Radiation Oncologist from the Philippines and I have come to Japan to learn and adapt new radiation techniques for our cancer patients back home. And in my 4 weeks of stay I have come to fulfill that objective and also learned about new and innovative technologies not available in our country(i.e. Carbon Ion Radiation Therapy). But my stay also opened my eyes to many different knowledge, discoveries and reflections aside from my stated goal of learning about radiation therapy techniques.
